DOLA * 5 - Bowls clubs -> DOLA — make it a - Half of it (the greenspace)

- Riff / Raff - Sleepers. ↓ Balumbo (same)

Plan excites me. — Cost to maintain; its in the wrong spot.

Bowls Club ops -> moved

eg. Caravan moved

pet Boom need more DOLA bring it all together.

- Disagree that bowls club underutilised,
- maybe wrong perception cause no signage
- Backhouse already provides services for
- older kids/teens – important to cater for all ages
- Feels backhouse is a safe space for her 17yo daughter
- level of safety with building on main road
- not much for teenage kids to do in parks
- need to provide other activities that aren't
- privately funded.

- Return building and improve transition to
- rest of park. Remove fences + add signage

Adding greenspace is good but backbone removal is completely unseasonable.
Believe comm. consult were in poor faith. Believe data from consult is being used in poor faith.
Thinks is being used to justify more development in the area.

Really important that venue stays

Need space for disadvantaged young ppl

Value work the Backb. do

Talks to community around: council resumed land for Lytton Rd, then sold leftovers off to developers. Breach of trust, don't believe greenspace will be created as promised.

If there was a real committmt. to greenspace, no need to do widening of road

Mowbray Park Draft Concept Plan

Survey

Introduction

Council is releasing the Mowbray Park Draft Concept Plan informed by the ideas, feedback and stories collected from the community during consultation from December 2020 to February 2021.

Residents and visitors are now invited to provide feedback on the draft concept plan.

Mowbray Park Vision

Mowbray Park is a heritage-listed park in East Brisbane that will be maintained as an iconic destination on the Brisbane River, valued for its historical significance, well-established trees, open green spaces and wildlife, water views and access to the river. The park will be enhanced to provide an accessible and safe environment for visitors offering opportunities for recreation and play with spaces to connect with friends and family.

Date of survey 10/07/2021 17/07/2021

Notes taken by Sch4 Pt4s6

- Cyclists too fast & don't use bells
- Need something to stop cyclists on central paths & river paths
- No [illegible]
→ don't add units / take parkland

concern about development - don't take any parkland eg bowls club

It bring the community together in their own suburb and brings in others across Brisbane to our community h elping local vendors in the area. It provides a space for marginalised communities, arti sts, musicians and plenty more.

Preserve and upgrade East Brisbane Bowls Club

East Brisbane Bowls Club plays host to various community groups, including Backbone Youth Arts. Venues such as East Brisbane Bowls Club allow our communities to be vibrant, inclusive and active. Rather than spending the money demolishing the building, divert the funds to upgrading it. If the aesthetic of the space is the issue, improve it and see the local community flourish.

Save Backbone and give them some more funding to upgrade the bowls club site

If you take our community music venue we will hold punk gigs in the foyer of city hall instead. If you're going to add playground equipment, please make it genuine nature-based play, not just plastic logs. Kids need to get their hands dirty!

VOTES 6 | UNVOTES 0

Keep East Brisbane Bowls Club

Backbone have transformed that space into a great venue for community events and as a home for emerging artists and queer community. I cannot think of another space in Brisbane that provides the same service and sense of community. It's hard enough as an artist to secure space in Brisbane at a low budget or find places to debut new work, please don't make it harder and reduce less queer friendly spaces to do so in. Also- Council just gave so much money to make that space accessible? What a waste of money to demolish it. Use that money to improve the venue for the community using it or so other groups can engage.

03 July 21
[redacted]

VOTES 2 | UNVOTES 0

A community pool

The bowls club presents a perfect opportunity to create a pool similar to the Andrew Boy Charlton Pool (BAC Pool) in Sydney Botanic Gardens that would not only serve to provide an athletic pool for the Southside but also a community gathering point in an ideal riverfront setting - similar to the ABC pool which is filled with people tanning, gathering in groups and having fun on weekends. This would greatly enhance the area and create a destination playground for young and old, something that is missing in East Brisbane

03 July 21
[redacted]

VOTES 1 | UNVOTES 0

On the Nth, West and Sthn edges of what is currently the Bowling green have paved/cemented strips that would facilitate pop-up markets etc

The area would have electrical outlets, toilets etc.. and could host pop-up exhibitions, markets, food courts and other community events, including sports.

09 July 21

VOTES 4 | UNVOTES 0

Extend pathway from Mowbray Park to Dockside

The missing path link really misses an opportunity to open Mowbray Park up to residents outside of East Brisbane. Navigating the traffic on foot or trying to get young kids to through the hilly sections of Kangaroo Point to get to Mowbray is near impossible. Shame to not make the park more accessible for me

Green space is a nice idea on face value, but all it does is add more uncultured space for people to engage in anti social activity. Revamp what we love

The locals of East Brisbane and surrounds love what Backbone bring to the area. If th e intent is to demolish the Bowls Club then what happens to the youth Arts? their musi c, the drama the live music? Covid has devastated so much of our arts and entertain ment. Don't destroy it forever, help it to grow, build it into a better venue for the young. The unused bowling greens could be utilized to build a new arts complex on th e western side then demolish the old building for extra parks and swings once this is complete, the transition would be effortless and the youth arts of the area can continu e as it rightly should.

VISION AND DRAFT CONCEPT PLAN

Feedback notes from on site sessions 10 July and 17 July 2021

Saturday 10 July 2021 2-4pm
Total 35

	Staff member	Comments	Suburb	Age group
1	S	Bowls club should stay but be upgraded Suggests community uses activation of site for markets etc Supports more green spaces Suggests community garden in bowls club site with the building itself to remain (perhaps be rendered)		Sch4
2		Extremely concerned about removal of bowls club Does not know many locals who would use the propose greenspace due to traffic noise Believes this proposal in the draft concept plan is a downgrade of the area The bowls club is the 'heart and soul' of the local community Moving the club would cause hardship – covid, hardship in community, public transport difficulties Agrees that the building is old. Supports either a new building to replace it or upgrade it Perception that there is a handshake agreement between Council and Churchie over the rowing club that they can use that space but the public can't. That rowing club should be open to the community on some days or at off-peak times as it is public land Perception that Council's decision is divisive and to be treated with suspicion and cynicism Suggests public boat ramp near carpark/Churchie would be great Supports playground / nature play (the bell on the current playground sounds like a cycle bell which is problematic Sch4Pt4s6) There are rough sleepers around #11 and just above the memorial Supports toilet upgrade Perception that 5 may end up being given to developers		S
3		Suggests Lytton Rd cyclist path be for cyclists rather than the riverside one. The park should be cyclist-free Supports community facility – could be upgrade and maintained for general access. Don't turn into parkland There is no signage in the park Park needs more water Suggests turning part of the park into indigenous garden like at Kelvin Grove with that educational component Suggests Council should be more imaginative than just green space Suggests incorporating Indigenous history, botanical knowledge Suggests #7 could be an amphitheatre? Supports #12 Nervous about #6 No palm trees – the dead leaves can fall at any time and cause harm to people passing by underneath		Sc
4		Supports #12 Suggests raised walkway from citycat terminal over the top of Lytton rd Overall supportive		Sc
5		Overall supportive Suggests moonlight cinemas in #5, or community markets/food carts/café kiosk Suggests motorbike parking Suggests seating by river Suggests more BBQ areas		Sch4Pt4
6		Disappointed about the bowls club moving. Wants it to be left as is. The bowls club means a lot to the community. It is really good for accessibility. Sch4Pt4s6 says it's the only community arts venue in Brisbane where S can access it. Lighting in the park needs improvement Removing the bowls club to enhance "attractiveness" of the park next to a 7 lane road and dead shopping strip doesn't stack up from the community's view. Greenspace in the park is not used much anyway Support toilet upgrade Supports more trees Supports lighting improvements		Sch4P
7		Backbone should stay The building could be improved however Suggests a community garden on the bowling green Suggests to open up the fences to everyone Suggests to expand #11 and make it bigger If something isn't broken, don't fix it		S
8		Questions whether the upgraded cyclist path by the river is really needed if Lytton Rd path is meant to solve that problem Keep furniture on the northern side of the path (#9) Refurbish the bowls club with a café underneath but don't remove it. The views are really nice from the building Doesn't think #5 will be used. Expanding it won't do much. Might be good for sports but to play sports there you would need fencing to stop the balls going onto the road. #12 is not necessary. Traffic may increase later #4 just needs refurbishment, not relocation (and it needs a clean) The right side of the park feels great		Sch4
9		· Prefers the bowls club to stay · Coffee cart is really popular · Supports more trees · Bring smaller markets around #9 · Supportive otherwise of the plan · Supports more greenery		Sc
10	S	Support bandstand General support for other proposed features except for removal of bowls club and moving Backbone Arts. Do not support the proposed removal of the bowls club, relocating Backbone Youth Arts. Concerns about losing the art & cultural significance for the East Brisbane. Why the quick 'default' to demolish the building? Keep the bowls club building (refurbish) and open the bowling greens for 'green space' Croquet club is underutilised (more so than the bowls club) The Eastern side of the playground needs activating (while considering the parks history and previous infrastructure features)		
11		General support though not for removal of bowls club Bowls club removal Swap proposed greens space location for the croque club. Extra car park – entry via Laidlow Place Negotiate with Churchie to upgrade their facilities for a community function space.		
12		General support for proposed features except for removal bowls club and moving Backbone Arts Bowls club proposed removal– building is solid – beautify with murals. Provides great cultural programs. Near proposal No11 (trees) – trees need thinning out – not child friendly. Foreign students use the western side of the park. Eastern side of the playground – underutilised space (dead space). Suggest a sporting field of sorts like Raymond park (Pineapple park) cricket, track field multi-purpose sporting field half court – basketball- Crochet club is underutilised		
13		Support more trees Support lighting Don't support replacing bowls club with greenspace Concerned that the bowls club demolition will be then used for residential development. Use bowling green and use tiered seating to have a view of the croquet club and the river. Would like the city hopper to stop at Mowbray Park. Have more spaces for food trucks to park. Widen the foot path that passes pass the playground. Crossing at Lytton Road _pedestrian) is dangerous...conflict with pedestrians and cyclists.		
14		Support proposed pathways Don't support relocating the tenants of the Bowls Club (Backbone Arts) Connect the pathway all the way to Dockside Look after the tenants of the bowling club. Would like some playground features for 15mth – 3 yrs. old		

Disclosure Log Release

15		Support exercise equipment for adults Would like a dog off leash area in the eastern side of the park which isn't used much	
16		Support bowls club going – use the green space for markets, Need an overhead walkway to support safe accessibility to get to IGA Activate the eastern side of the park with a community garden and cob oven More picnic shelters I eastern side Kayak hie (like River life) Extend pathway network to Dockside.	
17		Don't support losing the bowls club and relocating Backbone Keep the bowls club – keep the character Backbone Arts located here provides a focal point for young people to experience creativity Great location for young people to safely access I'm a supporter of arts/culture Promote intergenerational experiences at the Bowls and Croquet club Extend walkway to Dockside	
18		Do not support the removal of the bowls club building and events the current tenants offer which all provide a great sense of community. Suggest the bowling greens be used for markets, community gardens (with raised garden beds) When is the Chess Table coming back, It was here for 50 years (was vandalised and BCC took it away) Will it be included in the new plan?	
19		Bring back Norman Park Ferry Terminal – use the money for this project on the Norman Park ferry terminal. Remove cyclists out of Mowbray Park	
20	S[redacted]	The Bowls Club - generously proportioned space; has live music events for younger audiences; there's not others spaces of this size and space; it allows things to happen; the venue feels safe top 5 changes - expanding existing playground; reinstating a bandstand would be charming; improved park safety; installing new garden beds. Doesn't think that creative living is essential No opinion about the car parking No opinion about the creative lighting Somewhat/completely in fabvour. Only thing they oppose is demolishing Backbone Important for BB to have a space	Sch4
21	S[redacted]	Lot of good ideas It would be good to have power in the bandstand to allow amplified music Not in favour of too much lighting as it will disturb the wildlife would be good to have a basketball half court or sake park Bowls Club - people won't want to sit down next ot the road dog Park would be good Community garden maybe Top 5 changes - reinstating the bandstand; upgrading picnic and seating; upgrading lighting to be able ot walk safety at night No comment about car parking somewhat against plan because of moving the Bowls Club (Backbone) - this is one of the best things about Brisbane Seven Hills has less performance space Moorooka Bowls Club Could upgrade the Bowls Club - it is such an important part of the community Strongly against the Bowls Club being demolished. Wonderful communityu space - unique to here. It keeps people out of trouble. Easy access from the ferry and bus. Lots of parking. Community funded/shabby - welcoming to all people. It's a large space for perofrmances and	S[redacted]
22	S[redacted]	1) Top 5 changes - upgrading the path network, upgrading picnic and seating, installing creative lighting Also wants safety lighting 2) Would also like to see a ball sports half court 3) No comment about car parking - haven't ever used it 4) No comment about creative lighting 5) concept plan - completely in favour - it's great	S[redacted]
23	S[redacted]	Are we havig dog of leash area Like sitting on the grass, reading a book Bandstand will be good Have markets and events, not just for families Wants creative lighting and safety lighting	
24	S[redacted]	1) Top 5 changes - reinstating bandstand; upgrading picnic and seating facilities; upgrading pathway lighting; upgrading toilet facilities; installing creative lighting Happy for bowls club to be replaced with green space so long as BB is given a suitable venue 2) Would like a fitness challenge course 3) Carparking no comment. Maybe 8 hour limit for commuters 4) Creative lighting - nothing specific but supports this idea 5) somewhat in favour of the plan Would like a DOLA Don't add parking Wants nice lush lawns like NFP Nice trees and colourful flowers 1) Top 5 - reinstating bandstand; installing new garden beds; installing creative lighting 3) Supports no change to current parking 4) Supports idea of fairy lights like at Goodwill Bridge 5 Somewhat in favour - concerned about parking restrictions Indifferent about the Bowls Club Doesn't want DOLA or water features Leave it largely as it is	Sch4
25	S[redacted]	Make sure the people who use BB are consulted 1) Top 5 - Upgrading pathway lighting for safety; installing new garden beds 3) carparking - don't restrict it 4) Creative lighting - don't impact wildlife, but likes creative lighting 5) Somewhat in favour of the plan - doesn't want to cause distress to people using BB	Sch4
26	S[redacted]h	Bowls Club is under used but doesn't mean we should demolish it; shame to lose it Great community space; could be used more Green is underused but the Club is used; develop the Green but upgrade the Bowling Club and retain it Top 5 - expand the existing playground; reinstate a bandstand; install new garden beds would be fantastic; creative lighting - along Lytton Road would be good Have new tree plantings 3) Car Parking - people commute to work from the car park. No need to change parking. 4) Supportive of creative lighting 5) Somewhat in favour of the whole plan - not fully in favour because they think the Bowls Club should be kept. Upgrade the buildings. It's hard to find venues like this. Plant trees around the green.	S[redacted]
27	S[redacted]	good to keep the coffee cart In playground, introduce water play Cyclists are too fast and they don't use bells. Need something to stop the cyclists on the central paths and on the river paths. The people are elederly and they don't	
28	S[redacted]	have insurance, so if they get injured by a cyclist it could be serious for them. Don't add more units; don't take away parkland Concern about more development in the area - which was threatened a few years ago. Don't take about any parkland eg where the Bowls Club is. Top 5 - Plant new shade trees and reinstate former avenues; upgrade toilet facilities doesn't support more direction for cyclists Likes the idea of terracing 5) Somewhat in favour of the plan Very scared of new development happening Is the Bowls Club green part of the heritage zoning of the park Supportive of the Bowls Club being used for Youth Arts. They don't want Backbone being disadvantaged.	Sch4Pt

1	Sc	Come to park occasionally, Sch4Pt Backbone · really important that venue stays o need space for disadvantaged young people and value the work of Backbone o there's no other similar space like this elsewhere, it's very accessible and in a beautiful park o the community has already invested in this facility. Can't just transplant that to elsewhere · don't believe greenspace will be created as promised o previous breach of trust BCC resumed land for Lytton Rd and promised to use leftovers from road widening for greenspace - then sold off to developers o if there was real commitment to greenspace, there hadn't been a need to widen road · propose 'traffic calming' for cyclists	Sch	
2		come to the park S · remove bowls club but convert to bushland - grass areas are overrated and not used much · important retain existing bushland, maybe expand · retain croquet club · ban cyclists entirely from park - they have brand new, purpose-built track on Lytton Rd, no need to go through park. They're too fast · on a seat in NE part of the park is a plaque for the Mowbray Park Thorpe Squad 1943 - this should be retained	S	S
3		Sch4Pt4s6 · move carpark to bowling lawn · do not get rid of a community facility - put some money into it, make it a state-of-the-art facility · Backbone is about young people · why do grammar school get priority		Sc
4		Sch4Pt4s6 · many people at Backbone are in marginalised groups - should support these · upgrade bowls club and encourage a youth venue supporting marginalised community · can't see benefit of knocking down a community facility and put more greenspace next to busy road · like the public pontoon - make some use of the river	Sch	Sc
5		Sc who walk through park Sch4Pt4s · value the trees - "we love these" · really need to retain all these beautiful old trees · Why knock down a community venue? Pretty it up instead · it's a fabulous community facility - firmly think should be retained	S	S
6		· Bowls club gets used o it's for young people - they're really happy about it o there's lots of music history in bowls club o community has invested in it o should organise a voluteer group to refurbish or trainees · Seven Hills is next to nursing home - not suitable · don't want to go to other side of river to see live music · there's a lot of greenspace already · Development is moving this way o don't believe bowls club will be greenspace - will be developed		Sc
7		· Plan is out of touch with the community o support for retaining bowls club (petitions) is much higher than 500+ responses to initial survey o adding greenspace is good but demolish backbone venue is completely unreasonable. · Backbone is used by many more people than Churchie rowing · it's an all-ages community gathering space · patrons create local business · believe community consultation was done and data from it is being used in poor faith o believe removal of bowls club (and creation of green space) is being used to justify more development in the area		Sc
8		been to events at Backbone · nice park · Backbone/bowls club is a good spot for events - very accessible by ferry · encouraging involvement in arts outside of the valley o in the valley there's always a focus on drinking	S	Sc
9		· like the bandstand · bit wasteful to remove the building · community facility near park is good - New Farm Park library is nice to go to · could spend money to refurbish, get an artist to paint building/retaining wall · #7 (grass steps) is inaccessible - could go back and forth rather than steps		
10		Sch4Pt4s6 · disagree that bowls club is underutilised o maybe wrong perceptions because there is no signage for Backbone · it's important to cater for all ages and Backbone provides services for older kids/teens o they often aren't catered for - not much for teens to do in parks o need to provide alternative activities that aren't privately [commercially] funded · feel backbone is a safe place fo Sch to go to o level of safety within the building o location on main road is important aspect · Seven Hills is not accessible to young and older people who use public transport · Backbone is a social enterprise · Beauty of the park is that there are options o maybe add extra picnic/BBQ facilities above playground · Problem is barrier/lack of transition between bowls club and rest of park that prevent access and more use, and lack of visibility o retain building o improve transition - grass steps are a great idea o remove fences around bowls club o add signage	S	Sc
