# OVERVIEW AND BASIS OF PREPARATION

This report has been prepared to meet the reporting requirements of the *City of Brisbane Regulation 2012* (the Regulation) and relates to the 2025-26 financial year.

The approved Mid-year Budget Review figures have been used for the approved annual budget 2025-26.

Amounts included in this report are year to date figures rounded to the nearest thousand (\$000) or millions (\$m) or billions (\$bn) unless otherwise stated. Amounts may not add to the correct subtotals or totals due to rounding.

## **Section 1 - Quarterly Financial Report**

The Quarterly Financial Report represents a special purpose financial report prepared specifically to meet the requirements of the Regulation and is not required to be audited. This report includes the statements of comprehensive income, financial position, changes in equity and cash flows for the period ended March 2026. The recognition and measurement requirements of the Australian Accounting Standards have been applied in preparing the quarterly financial report. For additional information, refer to the notes to Council's general purpose financial statements for the year ended 30 June 2025.

## **Section 2 - Annual Operational Plan Progress Report**

The Annual Operational Plan progress report is a written assessment of Council's progress towards implementing the 2025-26 Annual Operational Plan (Annual Plan). Council's operations are focussed on achieving the strategic directions through the Annual Plan, delivered via the projects and services of Council's programs.

This section includes the financial results at the program level in relation to the annual budget. This also reports on significant highlights and updates for each program during the period.

## **Section 3 - Commercial Business Units**

This section provides the Annual Performance Plan report for Council's commercial businesses units including Transport for Brisbane and City Parking, as required by the Regulation. Transport for Brisbane commercial business includes the activities in the Transport for Brisbane and other programs in Section 2. City Parking forms part of the Infrastructure for Brisbane program in Section 2.

# SECTION 1 – QUARTERLY FINANCIAL REPORT

# FINANCIAL RESULTS

Council's unaudited financial report for the period ended March 2026 is shown on pages 9 to 12.

## Income

Council's income is below budget during the period mainly due to the following.

- Lower than anticipated developer contributions revenue mainly relating to stormwater and roads contributed assets. This is expected to be adjusted in the next budget review.
- Lower than anticipated and timing of grants and subsidies revenue mainly from the Queensland Reconstruction Authority (QRA). This is expected to be adjusted in the next budget review and materially align with the annual budget at the end of the financial year.
- Partly offset by higher than anticipated fees and charges mainly relating to parking infringements.

	Actual (\$m)
Rates and utility charges	1,179.2
Public transport revenue	369.2
Fees and charges	213.2
Grants and subsidies	75.9
Developer contributions	51.9
Other contributions and donations	12.1
Other revenue	315.2
<b>Total income</b>	<b>2,216.7</b>

## Expenses

Council's expenses are below budget during the period mainly due to lower depreciation for the roads network and plant and equipment.

	<b>Actual (\$m)</b>
Materials and services	1,088.1
Employee costs	813.4
Capital grant expenses*	622.3
Depreciation and amortisation	390.8
Finance costs	132.1
Loss on disposal of non-current assets	28.0
Other expenses	46.5
	<b>3,121.3</b>
Less capitalised expenses	(361.9)
<b>Total expenses</b>	<b>2,759.4</b>

\*Transfer of Brisbane Metro assets to third parties

	<b>Actual (\$m)</b>
Transport for Brisbane	1,172.3
Infrastructure for Brisbane	435.9
Sustainable City	458.9
Future Brisbane	113.4
Community and the Arts	96.8
Customer Services	170.9
City Governance	311.2
<b>Total expenses by program</b>	<b>2,759.4</b>

## Capitalised expenses

Council's capitalised expenses are below budget during the period mainly due to timing and lower than anticipated capitalised expenses in the Sustainable City, City Governance and Infrastructure for Brisbane programs (refer to section 2).

	<b>Actual (\$m)</b>
Transport for Brisbane	91.4
Infrastructure for Brisbane	177.5
Sustainable City	64.1
City Governance	22.3
Other programs	6.6
<b>Total capitalised expenses by program</b>	<b>361.9</b>

	<b>Actual (\$m)</b>
Brisbane Metro	86.0
Road Network Renewal	74.1
Beams Road	15.8
Open Level Crossing Contribution	12.4
Major Traffic Improvements - Intersections	12.3
Others (119 projects)	161.3
<b>Total capitalised expenses by project</b>	<b>361.9</b>

## Financial position overview

Council's net assets increased by \$894.1 million compared to June 2025, mainly due to revaluation increment for infrastructure assets, offset by a reduction in accumulated surplus due to non-cash transfer of Brisbane Metro assets to third parties. Refer to statement of financial position on page 10.

## Measures of financial sustainability

Financial sustainability ratios provide Council with insights about its liquidity and operational efficiency. The following ratios for the year are prepared in accordance with the requirements of the *City of Brisbane Regulation 2012* and the *Financial Management (Sustainability) Guideline 2024* (Guideline).

Measures of financial sustainability	Actual
<b>Financial capacity</b>	
Council controlled revenue <sup>1</sup>	66.8%
Population growth <sup>1</sup>	0.6%
<b>Operating performance</b>	
Operating surplus ratio	4.8%
Operating cash ratio	23.1%
<b>Liquidity</b>	
Unrestricted cash expense cover ratio	5.2 months
<b>Asset management</b>	
Asset sustainability ratio	55.2%
Asset consumption ratio	80.7%
Asset renewal funding ratio <sup>1</sup>	85.2%
<b>Debt servicing capacity</b>	
Leverage ratio	5.3 times

<sup>1</sup> Unaudited measure that is reported for contextual purposes only. All other ratios will be audited at the end of the financial year.

The population growth ratio has been calculated using population data from prior years in accordance with the Guideline. The above ratios exclude the impact of service concession arrangements.

## **SECTION 2 – ANNUAL OPERATIONAL PLAN PROGRESS REPORT**

# PROGRAM 1 – TRANSPORT FOR BRISBANE

## Program financial results

Income is below budget during the period mainly due to the following.

- Timing of grants and subsidies revenue relating to the Brisbane Metro project. This is expected to materially align with the annual budget at the end of the financial year.
- Partly offset by higher than anticipated other revenue relating to e-mobility. This is expected to be adjusted in the next budget review.

Expenses are below budget during the period mainly due to lower than anticipated expenses in the Public Transport outcome mainly relating to capital grants expenses. This is expected to be adjusted in the next budget review.

Capitalised expenses are above budget during the period mainly due to the following.

- Higher than anticipated capitalised expenses in the Public Transport outcome mainly relating to the Brisbane Metro project. This will continue to be monitored throughout the year and be adjusted in the next budget review.
- Partly offset by timing of capitalised expenses in the Transport Operations outcome mainly relating to bus and Metro services and maintenance activities. This is expected to materially align with the annual budget at the end of the financial year.

## PROGRAM 2 – INFRASTRUCTURE FOR BRISBANE

### Program financial results

Income is below budget during the period mainly due to the following which are expected to be adjusted in the next budget review.

- Lower than anticipated revenue relating to roads, kerb and channel, and footpath and bikeway contributed assets.
- Lower than anticipated revenue relating to infrastructure charges.
- Partly offset by higher than anticipated fees and charges revenue relating to road corridor permits.

Expenses are below budget during the period mainly due to the following.

- Lower than anticipated and timing of expenses in the Manage City Assets outcome mainly relating to depreciation and loss on disposal expenses. This is expected to be adjusted in the next budget review and materially align with the annual budget at the end of the financial year.
- Timing of expenses in the Maintain the City outcome mainly relating to paved road surfaces, city lighting and bridges maintenance activities. This is expected to materially align with the annual budget at the end of the financial year.
- Partly offset by:
  - A reallocation from capitalised expenses to expenses in the Roads and Network Management outcome mainly relating to the Major Road Network Improvements Design, Beams Road, Major Traffic Improvements - Intersections and the Bridges and Culverts Reconstruction and Rehabilitation projects (refer offset in capitalised expenses). This is expected to be adjusted in the next budget review and materially align with the annual budget at the end of the financial year.
  - Higher than anticipated expenses in the Brisbane Infrastructure Services outcome mainly relating to demand for quarry plant and materials. This is expected to be adjusted in the next budget review.

Capitalised expenses are below budget during the period mainly due to the following.

- A reallocation from capitalised expenses to expenses in the Roads and Network Management outcome mainly relating to the Major Road Network Improvements Design, Beams Road, Major Traffic Improvements - Intersections and the Bridges and Culverts Reconstruction and Rehabilitation projects (refer offset in expenses). This is expected to be adjusted in the next budget review and materially align with the annual budget at the end of the financial year.
- Timing and lower than anticipated capitalised expenses in the Roads and Network Management outcome mainly relating to the Bridges and Culverts Reconstruction and Rehabilitation, Footpath and Bikeway Reconstruction, Beams Road, and Safer School Precinct projects, and partly offset by timing of capitalised expenses relating to the Road Network Renewal project. This is expected to be adjusted in the next budget review and materially align with the annual budget at the end of the financial year.

- Timing of capitalised expenses in the Manage City Assets outcome mainly relating to the Corporate Real Estate - Depot Renewal and Council Contributions to Developer Constructed Works projects. This is expected to materially align with the annual budget at the end of the financial year.

	Actual (\$m)
Roads and Network Management	237.0
Manage City Assets	201.0
Maintain the City	130.8
Brisbane Infrastructure Services	44.6
<b>Total expenses by outcome (expenses and capitalised expenses)</b>	<b>613.4</b>

## PROGRAM 3 – SUSTAINABLE CITY

### Program financial results

Income is below budget during the period mainly due to the following which are expected to be adjusted in the next budget review.

- Lower than anticipated developer and other contributions revenue mainly relating to stormwater and parks contributed assets and parks and stormwater infrastructure charges.
- Lower than anticipated and timing of grants and subsidies revenue mainly relating to waste minimisation project funding and QRA disaster management funding.
- Lower than anticipated fees and charges mainly relating to waste management gate fees.
- Partly offset by:
  - Higher than anticipated rates and utility charges revenue mainly relating to cleansing services.
  - Higher than anticipated other revenue mainly relating to recoverable transfer station costs.

Expenses are above budget during the period mainly due to the following.
