Making our Mark
Creating vibrant neighbourhoods

Lord Mayor, Adrian Schrinner

Making Brisbane's lifestyle even better: Lord Mayor

Brisbane was recently ranked the world's most family-friendly city and it's easy to see why.

We're Australia's lifestyle capital and this recognition paid particular attention to our incredible network of more than 2,100 parks, playgrounds and bushland reserves, which give our residents and visitors more to see and do throughout our suburbs.

With rising living costs continuing to be a challenge, ensuring we deliver more free and affordable programs and events like \$2 Summer Dips, free seniors concerts, free library sessions and story times, free exercise classes and free museums continues to be a key priority for me.

It's all about making sure Brisbane gets even better.

Celebrate our state on QLD Day

On 6 June, we celebrate QLD Day, marking the moment Queensland became its own state and separated from New South Wales.

This year, we're celebrating everything that makes our state great and we want you to be part of it!

There are plenty of ways to celebrate QLD Day your way.

- ◆ Shout out our best by voting for your favourite places across 15 categories from camping spots to bakeries.
- ◆ Celebrate our greats by nominating selfless Queenslanders in the QLD Day Awards.
- ◆ Head to a QLD Day Mega Round sporting event.
- ◆ Join the QLD Day Party on Caxton Street or host your own QLD Day Party... and so much more!

Check out how you can get involved by visiting qld.gov.au/qldday

One of the most-liked concepts, The Low Line

Your voice helps shape our Games legacy

Brisbane residents have made their mark on the city's future, helping to shape the legacy of the Brisbane 2032 Olympic and Paralympic Games.

People viewed our website more than 82,000 times and we received almost 20,000 votes for the ideas people believe will benefit our city before, during and long after the Games.

The most-liked concepts highlight a clear vision for a more connected, active and vibrant city. They include:

- ◆ The Green Grid, a network of green corridors linking Games venues and key destinations
- ◆ The Low Line, a shaded, active and safe public space under the South Brisbane train line
- ◆ 24-hour precincts to support the night-time economy
- ◆ Brisbane Metro expansion
- ◆ Loving the Leftovers, transforming underused spaces into vibrant urban sports parks.

With 6 years to go, your feedback is guiding legacy planning to turn bright ideas into reality.

Do you know your flood risk?

Brisbane is prone to flooding because it sits alongside the Brisbane River, with many nearby creeks and low-lying areas that can be inundated quickly.

Find out how likely your property is to be affected by different types of flooding by entering your address into our online Flood Awareness Map. On our website, you can also access practical tips to help you prepare for an emergency.

Search 'check your flood risk' on our website to learn more.

Creating vibrant neighbourhoods

Brisbane is one of Australia's fastest-growing capital cities and we're working to deliver more homes sooner in the suburbs, while protecting our incredible lifestyle.

Through our Suburban Renewal Precincts program, we're unlocking the potential of underused land close to public transport, shops and services in the Alderley, Chermside, Mt Gravatt, Upper Mt Gravatt, Sandgate and Wynnum centres.

The goal is to create opportunities for more homes and jobs close to where people already live, work and socialise.

We're working with communities to create neighbourhoods with walkable streets, leafy public spaces, thriving main streets, subtropical buildings and stronger connections to buses, trains and cycling networks.

With community input guiding each plan, suburban renewal is about creating places that feel local, lively and ready for the future. Search 'suburban renewal' on our website for more information.

Our parks receive a glow-up

As part of our investment in the suburbs, we're upgrading our parks and helping to shape Brisbane's incredible lifestyle.

From revamping the popular Rocks Riverside Park water play area in Seventeen Mile Rocks (pictured) and the playground at Greene Park in Wynnum to rebuilding the playground at Fenwick Park in Mitchelton, we're ensuring our parks suit a range of needs, interests and activities.

Swing into Bill Hewitt Reserve in Camp Hill to enjoy the new half basketball court, a new shelter, learn-to-ride track and better connected pathways.

Explore one of our freshly refurbished parks today!

Visit our website to find park facilities and locations.

Beams Road milestone

We've passed the halfway mark on the next stage of works on the Beams Road upgrade.

Traffic has been moved from the southern side of Beams Road to the northern side over Cabbage Tree Creek so we can finish widening Beams Road to a consistent, median-separated 4 lanes between Carselgrove Avenue and Handford Road.

The upgrade will improve traffic flow along the arterial road that links key northern suburbs, keeping suburban traffic and vital heavy freight vehicles moving.

Once works are complete later this year, motorists can look forward to reduced congestion and travel times.

Local news

THANK YOU, BRISBANE VOLUNTEERS

National Volunteer Week, 18-24 May, is our chance to thank the many volunteers who help make Brisbane a great place to live, work and relax. From caring for our environment to welcoming visitors and supporting community services, your time, skills and generosity help make Brisbane's lifestyle even better.

BUS DRIVER CAREER OPEN DAY

We're hosting a behind-the-scenes experience for women considering a career as a bus driver. Get behind the wheel, explore the depot and speak with our recruitment team at our next open day on Saturday 6 June at the Virginia Bus Depot. Visit our website and search 'depot open day' to register.

WAVELL HEIGHTS SAFETY UPGRADES

We're improving safety and traffic flow at the Hamilton Road and Spence Road intersection in Wavell Heights by installing new traffic signals and 2 signalised pedestrian crossings. The upgrade will help reduce congestion and make it safer for people driving, riding and walking. We'll share more information about construction timeframes later this year.

Local charity helps kids return to school

For children impacted by domestic violence, having the basics they need for school can make all the difference.

That's where Brisbane-based Zephyr Education steps in, with volunteers delivering school packs to domestic and family violence service providers across Brisbane, helping children feel supported and ready to learn.

With support from a recent Lord Mayor's Charitable Trust grant, 80 children received uniforms, technology devices and school kits, easing pressure on families and helping children feel confident at school.

Scan the QR code to learn more about Zephyr Education and to donate to their vital work in the community.

Upgrades and anniversaries at our libraries

We're making Brisbane a better place to live by upgrading several of our libraries, so they remain comfortable, welcoming places for everyone to use and enjoy.

Recent works include a new roof at Sandgate Library and completed air conditioning upgrades at Garden City and Ashgrove libraries.

We've also started upgrades at Mitchelton Library, installed new lockers at Ashgrove Library and will begin upgrades to Bulimba Library later this year.

Some libraries are also celebrating big milestones this year, with Mt Coot-tha Library marking 50 years, Carina and Corinda libraries turning 60 and Wynnum Library celebrating its 10th anniversary.

Restoring a national icon

The Story Bridge is one of Brisbane's most recognised landmarks and has kept our city moving for 85 years.

That's why we've invested more than \$120 million maintaining the bridge over the past 2 decades, with work continuing.

In April, more than 70 team members worked day and night to complete concrete repairs and spray works, concrete curing, pothole repairs and asphalt depth testing.

These works, together with 750 metres of new footpath decking installed last year, are part of our constant upkeep of the bridge.

The next round of works will involve significant waterproofing and major resurfacing.

With the bridge built to last 100 years, we're planning a 20-year restoration program so it will last another 100 years and more.

Search 'Story Bridge' on our website for updates.

Reducing bushfire risk to protect Brisbane

With more than 10,000 hectares of bushland, Brisbane's natural areas are a big part of what makes our city such a great place to live, work and relax.

Planned burns help keep these habitats healthy while reducing fuel loads that can drive fast-moving bushfires.

Our specially trained firefighters carefully plan and carry out burns to reduce the build-up of leaves, sticks and ground cover, helping protect nearby homes and wildlife.

Everyone can help be prepared for bushfire season by updating your bushfire preparedness plan and clearing gutters and yards of leaves, branches and debris.

To check upcoming burns and tips for managing smoke, search 'planned burns' on our website.

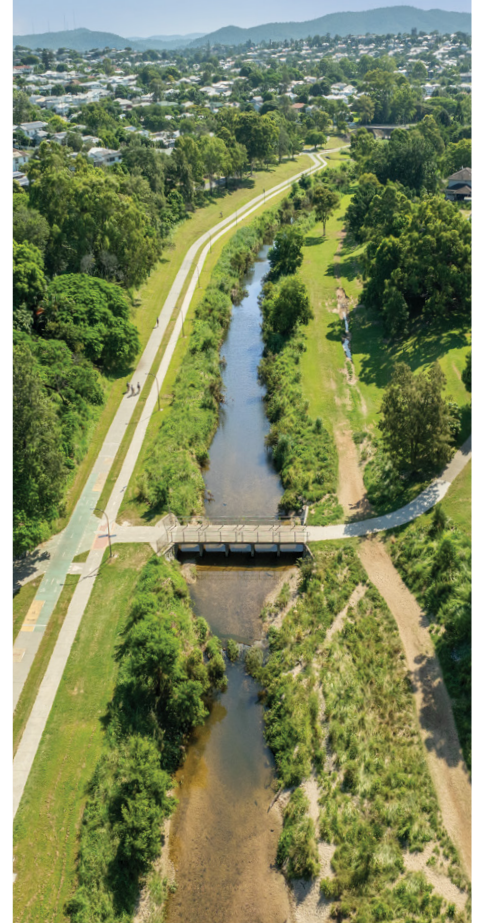

Planning a better future for Kedron Brook

We're making sure Kedron Brook continues to be a great place to visit for generations to come by creating a 20-year vision and master plan that improves flood resilience and creates more to see and do.

Last year, we asked the community to share their ideas about what they value most and what we should focus on in the catchment area.

You will have another chance to have your say later this year when we release our draft vision and master plan.

To register for updates on the Kedron Brook catchment, as well as other creek and waterway projects, search 'waterway projects' on our website.

Brisbane's best eco day out

Brisbane's favourite lifestyle and sustainability festival is back on Sunday 24 May, from 9am-3pm, at Roma Street Parkland.

Sustainable BNE Festival is a free, all-ages event where you can discover how fun, easy and rewarding sustainable living can be.

Learn from eco experts, get hands-on with workshops, receive tips on saving money on your household bills and shop artisan stalls.

There's something for everyone, including yoga classes, face painting, food trucks and even a visit from Brisbane's favourite Heeler, Bluey (your pet pooch is welcome to join, too).

Start planning your day and find out what's on at sustainablebrisbane.com.au

It's time to get snapping to win

Brisbane's story is written in everyday moments - capture yours and enter the Lord Mayor's Photographic Awards 2026.

This year's theme, 'Everyday Brisbane', celebrates the people and places that make Brisbane the best city to live, work and relax.

Whether you're a seasoned photographer or a first-time entrant, if you live, work or study in Brisbane, you can enter to win up to \$5,000. Entries open at 10am Friday 1 May and close 4pm Friday 5 June. Search 'Lord Mayor's Photographic Awards 2026' on our website for details.
