Conditions for keeping a dog in Brisbane

Council's *Animals Local Law 2017* prescribes a number of legislative requirements for keeping a dog in Brisbane. By completing this application form, you agree to the following conditions for keeping your dog:

Fencing

The fencing at your home must keep your dog confined to your premises. It must be designed to prevent your dog being able to jump or climb over, dig underneath or escape through it in any other way.

Effective control

When you are walking your dog in public, they must be on a lead securely clipped to a collar or harness unless in a designated and signed Council approved dog off-leash area.

When walking a dog in public, the person holding the leash must be able to control the dog in order to ensure the safety of your dog, other pets, wildlife and people.

If you have your dog in a designated off leash area, the person responsible for the dog must:

- ensure the dog is supervised at all times
- control your dog for the safety and enjoyment of all park users; and
- follow any conditions displayed at the site.

Clean up after your dog

You must always pick up after your dog whenever at home or in a public place, including a dog off leash area. When walking your dog in public, you must always carry at least 2 dog poo bags with you.

All dogs and any other items or waste that relate to the keeping of the dog must be kept or disposed of in a manner that does not:

- cause environmental harm
- promote breeding or harbourage of pests
- cause a nuisance to neighbours; or
- cause a risk to the health and safety of any person, the environment or another animal.

Noise

Barking dogs are the most common noise complaint Council receives. To reduce the likelihood of your dog barking, Council recommends training from a very early age. Other solutions may include:

- increased exercise
- stimulation
- improved fence design
- keeping your dog inside; and/or
- seeking veterinary assistance.

For more information, visit www.brisbane.qld.gov.au and search 'animal noise'.

Registration tag

Council recommends that a valid Council registration tag is worn by the dog whenever they are not at their registered home address. A tag with the dog's name and owner details (such as a phone number) should also be worn by the dog for quick and easy identification.

Council offers a stylish, all in one personalised metal registration tag with the dog's name, owner's phone number and Council registration number for a small fee. Once you have your dog's registration number, you can order a personalised registration tag, visit www.brisbane.qld.gov.au and search 'Dog Registration' or scan the following QR code:

Vaccination

Your dog must be fully vaccinated in accordance with the program recommended by the Australian Veterinary Association. It is also important to schedule regular check-ups with your vet for the health and wellbeing of your dog.

Impounding process

If your dog is impounded by Council due to wandering, Council will contact you using the registration details you have provided. Fees apply and must be paid before you pick up your animal.

Impounded animals will be held at a Council Rehoming Centre for 5 days if registered or three days otherwise.

Entire dogs

Any bitch on heat must not enter a public place or enter a private place without the occupier's consent.
