Part 7 Neighbourhood plans \ 7.2 Neighbourhood plan codes \ Yeerongpilly Transit Oriented Development

Table 7.2.25.1.3.A—Performance outcomes and acceptable outcomes

Reason for change: Changes or corrects cross-references in the instrument. Schedule 1, section 1a)vii) of MGR.

PO3 Development contributes to a comfortable pedestrian environment by providing shelter from the elements.	AO3.1 Development provides awnings over the footpath along active frontage – primary active frontages identified on Figure b except for heritage buildings identified on Figure c. AO3.2 Development ensures pedestrian shelter is provided at pedestrian entries where identified as an active frontage – secondary active frontage on Figure b.
PO4 Development creates active frontages that promote an appropriate level of pedestrian activity at the street level and provide active, safe and visually engaging streetscapes.	AO4.1 Development ensures active frontage – primary active frontages where identified on Figure b: - activate the street for extended hours of the day and night by building up to or near the street edge, generally parallel to the street alignment and supporting a mix of uses; - are visually and physically permeable, containing many windows and entrances; - reinforce the priority of the pedestrian by addressing the street, having strongly expressed pedestrian entrances; - contribute to comfort for pedestrians by delivering awnings, providing shelter over footpaths; - incorporate car parking which is not visible from the public realm with the exception of street parking; - provide opportunities to overlook the street, increase surveillance and reinforce the active frontage, particularly from upper floors.

AO4.2

Development ensures active frontage – secondary active frontages where identified on Figure b:

- a. address the street and public realm, providing casual surveillance;
- b. provide façades that contain well-detailed and articulated access points at frequent intervals along pedestrian networks and do not include blank walls;
- c. incorporate car parking which is not visible from the public realm with the exception of street parking.

Reason for change: Changes or corrects cross-references in the instrument. Schedule 1, section 1a)vii) of MGR.

PO14

Development contributes to the creation of a mixed use town centre character with a range of residential, commercial, retail and community uses that promote flood resilience.

AO14.1

Development ensures the ground floor of buildings is occupied by non-residential uses where indicated as a an active frontage – primary or secondary active active frontage – secondary in Figure b.

AO14.2

Development ensures tenancies over 1500m² are screened by smaller, fine-grain tenancies on the street frontage.

Note—There is no land use mix prescribed and no minimum or maximum tenancy size.

Part 8 Overlays \ 8.2 Overlay codes \ 8.2.4 Biodiversity areas overlay code

Table 8.2.4.3.A—Performance outcomes and acceptable outcomes

Reason for change: Changes or corrects a spelling, grammar or mapping inconsistency in the instrument. Schedule 1, section 1a)iii) of MGR.

PO9 Development which has or is likely to have a significant residual impact on a matter of State environmental significance or a matter of local environmental significance, after all reasonable on-site mitigation measures have been or will be undertaken, provides an environmental offset. Note— Environmental offsets are provided in compliance with the Queensland environmental offsets framework and the Offsets planning scheme policy.	AO9 No acceptable outcomes <u>outcome</u> is prescribed.
---	--

Part 8 Overlays \ 8.2 Overlay codes \ 8.2.12 Heritage overlay code**Table 8.2.12.3—Performance outcomes and acceptable outcomes**

Reason for change: Changes or corrects a spelling, grammar or mapping inconsistency in the instrument. Schedule 1, section 1a)iii) of MGR.

PO25 Development, including a dwelling house, does not diminish the streetscape contribution, views or vistas of a heritage place from the street or public realm.	AO25 No acceptable outcomes <u>outcome</u> is prescribed.
PO26 Development complements the existing setting of a heritage place, is of a sympathetic scale and bulk, and does not create an overbearing appearance.	AO26 No acceptable outcomes <u>outcome</u> is prescribed.

Part 9 Development codes \ 9.2 Development that cannot be made assessable in accordance with schedule 6 of the Planning Regulation 2017**Table 9.2.1.1—Community residence for accepted development only**

Reason for change: Reflects an amendment that is consistent with the regulated requirements. Schedule 1, section 2c)i) of MGR.

1	The premises are in a residential zone, <u>centre zone</u> or rural residential <u>community facilities zone</u> ; and
2	<u>The premises have no more than 7 bedrooms, including any bedroom used by a support worker; and</u>
3	<u>Either—</u> a. <u>no relevant overlay applies to the premises; or</u> b. <u>a relevant overlay applies to the premises and the application of the overlay does not result in the material change of use being categorised as assessable development; and</u>
4	<u>Each building on the premises has a building height of not more than 2 storeys; and</u>
25	No more than 7 support workers attend the residence in a 24-hour period; and
36	At least 2 car parks are provided on the premises for the use of <u>by</u> residents and visitors; and
47	At least 1 of the car parks stated in (3 row (6) above <u>is suitable for a person</u> persons with disabilities; and
58	At least 1 car park is provided on the premises for use by support workers; and
9	<u>For a community residence that is a class 2 or 3 building, the site cover of the development is not more than 70% of the site and the building has a setback of at least—</u> a. <u>6m from the front boundary of the premises; and</u> b. <u>4m from the rear boundary of the premises; and</u> c. <u>1.5m from each side boundary of the premises.</u>

Editor's note—Schedule 6, Part 2, ~~(6)~~ section 6A of the Regulation states the development the planning scheme is prohibited from making assessable development for a material change of use for community residence.

Reason for change: Reflects an amendment that is consistent with the regulated requirements. Schedule 1, section 2c)i) of MGR.

9.2.4 Battery storage facility requirements

1. Development for a battery storage facility that complies with all of the requirements in Table 9.2.4.1 is accepted development.

Table 9.2.4.1—Battery storage facility for accepted development only

Requirements	
1	The facility is for a pad mounted battery storage device only and the total area of the premises covered by the facility is no more than 15m ² ; or
2	The facility is for a pole mounted battery storage device only and the total volume of the device is no more than 2m ³ .

Editor's note—Schedule 6, Part 5, section 26(6) of the Regulation states the development the planning scheme is prohibited from making assessable development for a material change of use for battery storage facility.

Reason for change: Reflects an amendment that is consistent with the regulated requirements. Schedule 1, section 2c)i) of MGR.

9.2.5 Particular dwelling house requirements

Table 9.2.5.1—Particular dwelling house that cannot be made assessable

Requirements	
1	The premises are in— a. a community facilities zone stated in schedule 2 of the Regulation; or b. a zone, other than a zone stated in schedule 2 of the Regulation, that is of a substantially similar type to a zone stated in subparagraph (a); and
2	The material change of use involves an existing dwelling, including, for example, a presbytery or caretaker's accommodation, on the premises; and
3	The material change of use— a. does not involve the carrying out of building work; or b. involves the carrying out of minor building work only; and
4	Either— a. none of the following overlays apply to the premises— (i) an overlay about bush fire hazards, coastal hazards, flood hazards or landslide hazards; (ii) an overlay about safety hazards arising from historic mining activities, including, for example, mining subsidence and mining contamination; (iii) an overlay about development of a local heritage place; or b. an overlay mentioned in subparagraph (a) applies to the premises and the application of the overlay does not result in the material change of use being categorised as assessable development.

Editor's note—Schedule 6, Part 2, section 7D of the Regulation states the development the planning scheme is prohibited from

Reason for change: Reflects an amendment that is consistent with the regulated requirements. Schedule 1, section 2c)i) of MGR.

9.2.6 Relocatable classrooms at State schools

1. Development for relocatable classrooms at State schools that complies with all of the requirements in Table 9.2.6.1 is accepted development.

9.2.6.1 —Relocatable classrooms at State schools for accepted development only

Requirements

<u>1</u>	<u>A State school is located on the premises; and</u>
<u>2</u>	<u>The material change of use involves a relocatable classroom, and any connecting infrastructure for the classroom, only; and</u>
<u>3</u>	<u>The material change of use:</u> a. <u>does not reduce the number of existing car parking spaces, or the area of a passenger pick up or set down zone for cars or buses, on the premises; and</u> b. <u>does not result in changes to an existing vehicular access to a State-controlled road; and</u>
<u>4</u>	<u>For a material change of use that involves the construction of a building—</u> a. <u>the building height of the building is not more than 9.5m or 2 storeys; and</u> b. <u>the building is located the greater of the following distances from a common boundary with adjoining premises used for a residential purpose—</u> (i) <u>3m;</u> (ii) <u>a distance that is equivalent to half of the building height of the building; and</u>
<u>5</u>	<u>The material change of use does not result in a relocatable classroom or connecting infrastructure in any of the following areas under a State planning instrument or local instrument—</u> a. <u>a bushfire hazard area;</u> b. <u>a flood hazard area;</u> c. <u>a landslide hazard area; and</u>
<u>6</u>	<u>The chief executive (education), or a person engaged by the chief executive (education) to carry out works for the material change of use, gives a notice, at least 10 business days before the works start, about the material change of use to—</u> a. <u>the occupier of any adjoining premises; and</u> b. <u>the local government of the local government area in which the premises are located.</u>

Editor's note—Schedule 7A of the Regulation states the development that is temporary accepted development for a material change of use for relocatable classrooms at State schools.

Reason for change: Reflects an amendment that is consistent with the regulated requirements. Schedule 1, section 2c)i) of MGR.

9.2.7 Rural workers' accommodation

Table 9.2.7.1 Rural workers' accommodation that cannot be made assessable

Requirements	
1	The material change of use is for rural workers' accommodation; and
2	The premises are in a rural zone; and
3	The area of the premises is at least 25ha; and
4	The material change of use does not result in the accommodation, or a driveway or footpath to the accommodation, being located in any of the following areas under a State planning instrument or local instrument— a. a flood hazard area; b. a bushfire hazard area; c. a landslide hazard area; and
5	The material change of use does not result in accommodation with a total capacity to accommodate more than 20 employees of a rural use across the following premises— a. the premises on which the material change of use is carried out; b. the premises on which the rural use is carried out; c. adjoining premises to premises mentioned in subparagraph (a) or (b) if the premises are owned by the same person; and
6	The material change of use does not involve a new vehicular access to a road or changes to an existing vehicular access to a road.

Editor's note—Schedule 6, Part 2, section 7C of the Regulation states the development the planning scheme is prohibited from making assessable development for a material change of use for rural workers' accommodation.

Reason for change: Changes or corrects inconsistent numbering of provisions in the instrument. Schedule 1, section 1a)vi) of MGR.

Part 9 Development codes \ 9.3 Use codes \ 9.3.3 Centre or mixed use code**Table 9.3.3.3.A—Performance outcomes and acceptable outcomes**

Reason for change: Changes or corrects a redundant or outdated term in the instrument. Schedule 1, section 1a)v) of MGR.

PO17 Development protects, provides or supports as appropriate public spaces and structuring elements within the centre or mixed use area and site to: - provide pedestrian and cycle connections to key public transport facilities, community facilities or services and the surrounding neighbourhood; - create a permeable and interconnected activity centre or corridor; - provide sufficient open space for pedestrian activity and use by building occupants, residents, customers and visitors.	AO17.1 Development provides public spaces and links, including public roads and verges, parks or urban common and cross block links arcades, in the locations identified in: - an overlay; or - a neighbourhood plan; or - an existing development approval; or - a preliminary approval; or - as otherwise identified as part of a structure planning process as part of development. Note— - Refer to the Streetscape hierarchy overlay and code for further information. - Refer to the Park planning and design code for the design of parks. - Refer to the Infrastructure design code for further guidance on the design of public infrastructure.
	AO17.2 Development provides publicly accessible spaces and links (privately owned), including plazas, arcades, pedestrian pathways, shelters and queuing areas for public transport, in the locations identified in: - an overlay; or - a neighbourhood plan; or - an existing development approval; or - a preliminary approval; or - as otherwise identified as part of a structure planning process as part of development.
	AO17.3 Development for a park, public open space or plaza, is co-located with community services and civic facilities.

Reason for change: Changes or corrects a redundant or outdated term in the instrument. Schedule 1, section 1a)v) of MGR.

PO37

Development provides shelter for pedestrian movement:

- a. on a street frontage;
- b. through a site with ~~a cross block link~~ [an arcade](#);
- c. to key building entrances or publicly accessible parts of the site.

AO37.1

Development for a pedestrian shelter is provided by an awning which:

- a. is consistent with the character of the centre;
- b. abuts footpaths;
- c. is provided and maintained by the building owner on their premises;
- d. protects the normal flow of pedestrians;
- e. is continuous across the frontage of a site;
- f. aligns to provide continuity with shelter on an adjoining premises;
- g. is a minimum of 3.2m and is generally not more than 4.2m above pavement height;
- h. extends from the face of the building or the premises line;
- i. does not extend past a vertical plane 1.5m inside the kerb line to enable street trees to be planted and grow;
- j. has a 0.5m clearance to any tree trunk and main branches;
- k. aligns with existing awnings if the verge has been widened;
- l. is cantilevered from the main building with any posts within the verge being non load bearing;
- m. uses materials that provide appropriate shade.

Refer to Figure k.

AO37.2

Development for an awning over a footpath is lit with a lighting system which:

- a. is in compliance with AS/NZS 1158.3.1:2005 Lighting for roads and public spaces, Category P3 and AS 4282-1997 Control of the obtrusive effects of outdoor lighting
- b. provides a minimum of 20lux at ground level.

Reason for change: Changes or corrects a redundant or outdated term in the instrument. Schedule 1, section 1a)v) of MGR.

PO44 Development for an arcade: - provides public access and connection to facilitate direct, convenient, comfortable and safe access with centre or mixed use areas or developments to key destinations; - has a strong street presence and clear entry; - has an active frontage and use; - has high-quality finishes and materials; - addresses public safety. Note—An arcade is a publicly accessible privately owned connection.	AO44 Development for an arcade identified in a neighbourhood plan, approved centre concept plan, structure plan or where proposed as a part of development: - provides pedestrian access during hours of operation of the use; - integrates with adjoining buildings; - links established pedestrian networks, parking and public transport facilities; - has a minimum corridor width of 6m, including a minimum unobstructed pavement width of 3m; - has an active use edge; - is finished with high-quality materials considering public safety; - is provided at-grade with an adjoining public area and connects safely without any lip or step; - incorporates crime prevention through environmental design principles to maximise safety; - has signage at each end identifying the connection provided; - is straight and allows for visual connection to the other end. Note—Crime prevention principles can be found in the Crime prevention through environmental design planning scheme policy. Note—Development for cross block links is addressed in the Streetscape hierarchy overlay code.

Reason for change: Changes or corrects inconsistent numbering of provisions in the instrument. Schedule 1, section 1a)vi) of MGR.

PO68 Development on a significant corner site provides a prominent visual reference and contribution to the neighbourhood's public realm by: accommodating high levels of pedestrian movement at the corner and enhancing the pedestrian experience;	AO68.1 Development is designed to emphasise the corner setting of a significant corner site identified in a neighbourhood plan and provides: - building entries on both street frontages; - a single main entry at the corner. AO68.2 Development provides a corner land dedication on a significant corner site
--	---

b. emphasising the corner setting through building form, expression, silhouette, scale, materials and landscaping; c. reinforcing a sense of arrival to the neighbourhood plan area, precinct or sub-precinct through marking a node, an intersection or connection point in the neighbourhood; d. respecting the prominence of any adjoining or nearby heritage places, traditional character buildings or local landmarks; e. if a corner land dedication is required: i. accommodating a deep-planted feature tree within the dedication area; ii. providing a building envelope which acknowledges and respects the presence of the large feature tree canopy. Note—A neighbourhood plan will indicate whether or not a land dedication is required.	identified in a neighbourhood plan, adjacent to the existing verge area which: a. complies with any dimensions identified in the neighbourhood plan; b. accommodates a deep-planted large feature tree in compliance with the road corridor design section of the Infrastructure design planning scheme policy; c. is embellished in compliance with the road corridor design section of the Infrastructure design planning scheme policy. Note—A neighbourhood plan may indicate if a corner land dedication is to be truncated or inverted. If the configuration is not specified, a truncated land dedication is to be provided where the building or podium is 2 storeys or fewer. Where an inverted corner land dedication is provided, the building design accommodates the feature tree canopy at maturity. AO67AO68.3 Development ensures that any part of the building including the basement but excluding awnings is outside the corner land dedication area. Note—A neighbourhood plan may indicate if a building is able to volumetrically extend into the corner land dedication area.

10 Pedestrian facilities

Reason for change: Changes or corrects the format or presentation of the planning scheme policy. Schedule 1, section 5b) of MGR.

~~3. The existing pedestrian network in proximity to the site is to be taken into account, particularly strategic desire lines and access to key destinations and public transport nodes.~~

Reason for change: Changes or corrects inconsistent numbering of provisions in the planning scheme policy. Schedule 1, section 5f) of MGR.

- ~~3.~~ ~~4.~~ If pedestrians share pathways with cyclists, the paths are a minimum of 3.0m wide. High pedestrian use walkways are a minimum of 2.4m wide.
- ~~4.~~ ~~5.~~ Council's BSD drawings show the preferred design for cyclist and pedestrian facilities.
- ~~5.~~ ~~6.~~ Quality end-of-trip facilities such as showers, lockers and change rooms are also important incentives to encourage commuter walking and are provided to comply with Table 21.

11 Cyclist facilities

Reason for change: Changes or corrects the format or presentation of the planning scheme policy. Schedule 1, section 5b) of MGR.

~~3. This includes determination of the gradient, the installation of non-slip surface treatments and clear way-finding and awareness signage and markings along bicycle routes to on-site end-of-trip facilities.~~

Reason for change: Changes or corrects inconsistent numbering of provisions in the planning scheme policy. Schedule 1, section 5f) of MGR.

3. ~~4.~~ Bicycle signage and lines are shown in the Council's BSD drawings and the Queensland Department of Transport and Main Roads Manual of Uniform Traffic Control Devices.
4. ~~5.~~ End-of-trip facilities such as secure bicycle parking, shower cubicles, change rooms and lockers are co-located and provided to meet the needs of users and to encourage bicycle use.
5. ~~6.~~ Bicycle parking facilities and cyclist facilities are designed and constructed in accordance with Austroads, Part 6a – Bicycles.
6. ~~7.~~ Table 21 provides the minimum on-site cycling facilities and the standards used.
7. ~~8.~~ Bicycle parking facilities are not provided within 1m of a vehicle manoeuvring or parking area.
8. ~~9.~~ In the City core, City frame, centres and growth nodes on selected transport corridors, higher mode share is expected for active travel, and higher levels of facilities and finishes are expected, including, but not limited to, employee bicycle parking incorporated within a building.
9. ~~10.~~ If bike parking is provided in accordance with this planning scheme policy, and the development is located in close proximity to a bikeway or a major public transport interchange, a performance-based solution for reduced car parking may be considered by the Council.
10. ~~11.~~ The internal bicycle facilities and paths are to join the external transport network, including external existing and future bicycle paths in a safe and practical way.
