

# FOOD HANDLER SKILLS AND KNOWLEDGE CHECKLIST

## EAT SAFE FACT SHEET

*Dedicated to a better Brisbane*

Brisbane City Council is committed to promoting safe food practices in order to support small businesses and protect the health of our city's residents and visitors.

All food handlers need to have food hygiene and safety skills and knowledge to handle food safely and prevent food poisoning. Use this checklist to assess the general skills and knowledge of your staff.

### How to use this checklist

1. Read the [Food handler health, hygiene and hand washing fact sheet](#) to help you understand the requirements.
2. Provide training to your staff about your food safety procedures and their health and hygiene requirements.
3. Monitor your staff. Check if they are able to perform the required tasks and have the required knowledge. Mark a 'yes' or 'no' in the box with the results. If the answer is 'no', provide them with more training until they have the required skills or knowledge.
4. You can add extra questions to suit your food business or remove questions that are not needed, e.g. if you don't display food, remove the question about food display.
5. Sign the acknowledgement section of the form. Ask the food handler to sign the acknowledgement section to confirm they understand their requirements.
6. Keep the completed checklist with your staff training records.

For further information visit [brisbane.qld.gov.au](http://brisbane.qld.gov.au) and search 'Eat Safe' or contact Council's Business Hotline on 133 BNE (133 263).

Food handler name: \_\_\_\_\_

## Hand washing and hygiene

The employee (food handler):	Yes	No
Washes hands correctly using liquid soap and paper towel	<input type="checkbox"/>	<input type="checkbox"/>
