

# Creek Neighbours Song

*Dedicated to a better Brisbane*

We're going for a walk today we're going to the creek  
The creek has plants and animals, let's go and take a peek  
Ears and eyes wide open, as we tread carefully  
Cause we're going for a walk today, we're going to the creek

*\*gasp\* Do you hear that? what was that?! A kookaburra? Let's all fly and laugh kookaburras!*

We're going for a walk today we're going to the creek  
The creek has plants and animals, let's go and take a peek  
Ears and eyes wide open, as we tread carefully  
Cause we're going for a walk today, we're going to the creek

*\*gasp\* what's that? Is that... rubbish! In the creek! Yuck! Let's pick it up and put it in our rubbish bag.*

We're going for a walk today we're going to the creek  
The creek has plants and animals, let's go and take a peek  
Ears and eyes wide open, as we tread carefully  
Cause we're going for a walk today, we're going to the creek

*\*gasp\* what was that?! I think it was... Gracie the graceful tree frog! Let's all dance and ribbet like Gracie!*

We had a lovely walk today, we went down to the creek  
Saw lots of plants and animals and danced with Gracie  
We're caring creek neighbours - it's what we love to be  
We're caring creek neighbours - it's what we love to be

*\*Good job everyone! Oh you're such good Creek Neighbours!*
