

Cavendish Road, Holdsworth Street and Kitchener Street intersection upgrade

Dedicated to a better Brisbane

Project introduction | March 2026

We're planning to make changes to improve safety at the Cavendish Road, Holdsworth Street and Kitchener Street intersection in Coorparoo.

About the project

We know safety is a big issue at this busy intersection. Many drivers and pedestrians are finding it difficult to see oncoming vehicles and judge safe gaps in traffic. To improve safety for everyone and better manage how the intersection operates, we're planning to install traffic lights with pedestrian crossings and permanently close Kitchener Street at Cavendish Road, creating a cul-de-sac.

 Turn over the page to see our concept plan.

Kitchener Street at Cavendish Road, Coorparoo.

A message from the Lord Mayor

Between 2017 and 2024, there were 17 crashes at the Cavendish Road, Holdsworth Street and Kitchener Street intersection. Making changes to how this intersection operates will greatly improve safety for all road users, helping you get home sooner and safer.

The upgrade forms part of our commitment to keep Brisbane moving by improving safety and connectivity for everyone.

Adrian Schrinner,
LORD MAYOR OF BRISBANE

Meet the team

Come along to one of our information sessions to ask questions, share your thoughts, and learn more about this upgrade. We look forward to seeing you there!

Location: Coorparoo Square, near Aldi

Saturday 18 April

10am-12pm

Thursday 23 April

4-6pm

What's next?

We're working to finalise the design for this upgrade. Once this is complete, we'll share it with you and provide more information about construction timeframes and potential impacts. You can register online using the details below to receive email updates about this project.
