

Dedicated to a better Brisbane

Project update

October 2025

We're upgrading the Archerfield Road, Azalea Street and Pine Road intersection to help you get home sooner and safer.

A message from the Lord Mayor

We're upgrading the Archerfield Road, Azalea Street and Pine Road intersection to help keep Brisbane moving.

We're building better roads right across Brisbane and our investment in this intersection to deliver new traffic lights, turning lanes and dedicated pedestrian crossing facilities will help you get home sooner and safer.

Adrian Schrinner,
LORD MAYOR

The project

This busy intersection carries nearly 22,000 vehicles every day, and is a critical thoroughfare for residents and visitors to the Inala and Richlands area.

We are in the early stages of planning this upgrade to:

- ✓ Install traffic lights
- ✓ Add separate turning lanes
- ✓ Incorporate dedicated pedestrian crossing facilities.

We have developed a high-level concept design solution to share with you while we progress to the next design stage.

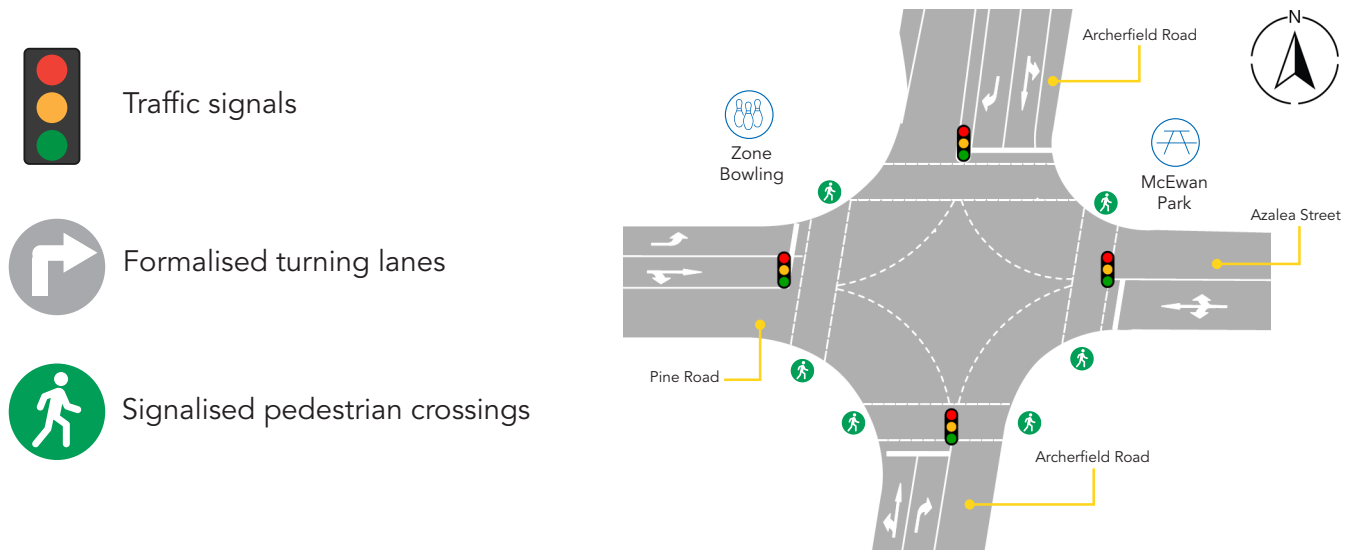

Meet the team

You're invited to come and meet the team at 2 information sessions to ask questions about the preferred concept design and learn more about this important project.

Date and time	Location
Thursday 23 October, 4pm - 6pm	Inala Plaza, 37 Corsair Ave, Inala
Saturday 25 October, 10am - 12pm	Richlands Plaza, Old Progress Road, Richlands

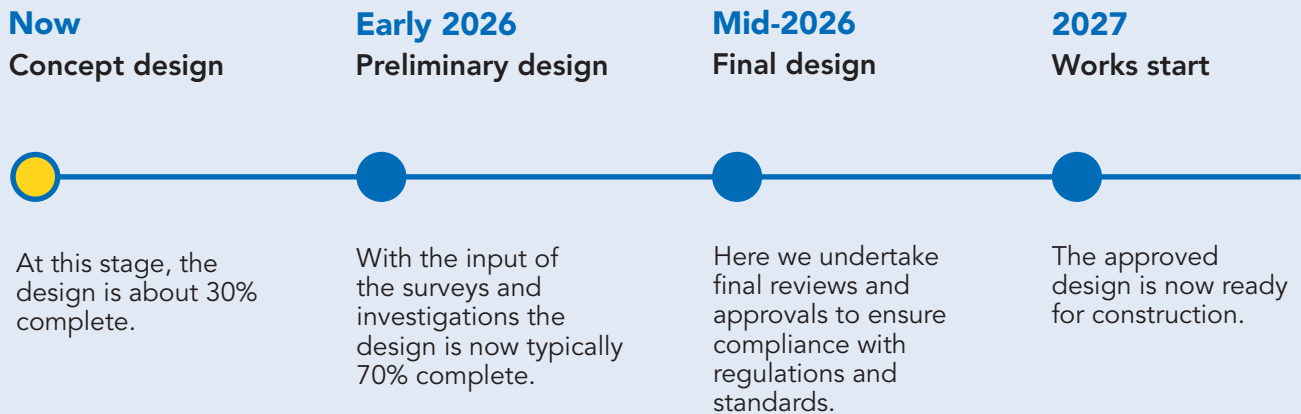

The concept design

We're at the early stages of planning this upgrade. We will now refine the design by undertaking extensive surveys and investigations to inform the final design.

What's next?

Below is an outline of what's involved as we move through the design steps before we are ready to construct the upgrade.

Get in touch

We encourage anyone who lives, works or travels through the area to register for project updates. Chúng tôi khuyến khích bất kỳ ai sống, làm việc hoặc đi qua khu vực này đăng ký để cập nhật thông tin về dự án.
