Checking on an application progress – Road Corridor Permit System

After submitting a new application to Brisbane City Council through the Road Corridor Permit System (RCPS), you can monitor its progress in the system.

The applications page displays all applications that have been submitted on behalf of the organisation. You can sort on different columns.

You can view the status of your applications by looking at the "Application Status" column from your view of applications in the portal.

Applications									
					S	earch	Q New Ap	plication	
Application Number I Your Reference	Application Status	Application Type	Submission Date	Start Date	End Dat	Approval Star Date	t Approval End Date		
RC-3022	Approved	Work Zone	11/08/2023 3:06 PM	11/08/2023	11/09/20	11/08/2023	16/08/2023	~
