Step 2	<p>Find the application you wish to withdraw, press the down arrow in the far-right hand column against the relevant application, and select “Withdraw”.</p> <p>Applications</p>  <p>The screenshot shows a table with the following columns: Application Number, Your Reference, Application Status, Application Type, Submission Date, Start Date, End Date, Approval Start Date, and Approval End Date. The table lists several applications, including RC-3022, RC-3021, RC-3019, RC-3018, RC-2985, and RC-2984. A dropdown menu is open for application RC-3018, showing three options: View Application, Withdraw, and Copy to Temporary Road Closure application. The 'Withdraw' option is highlighted with a red box.</p> <p>You will notice three options when selecting the down arrow:</p> <ol style="list-style-type: none"> <li>1. View application. This selection will take you into the application.</li> <li>2. Withdraw application. As discussed in this guide</li> <li>3. Copy to TRC application. In this example the application type is for a Works Zone and allows you to copy all information from this works zone application into a new TRC application saving time on data re-entry.</li> </ol> <p>If the application was a TRC application, you will have a similar option to copy information to a works zone application.</p>
Step 3	<p>When asked if you are sure you want to withdraw this application, select “OK” to continue. This extra step prevents people from choosing the withdraw option in error.</p>  <p>The screenshot shows a dialog box titled 'Withdraw application' with a close button (X) in the top right corner. The text inside the dialog box asks, 'Are you sure you want to withdraw this application?'. At the bottom right of the dialog box, there are two buttons: 'OK' and 'Cancel'. The 'OK' button is highlighted with a red box.</p>
