

5 Local Plans for Specific Localities

Particular areas in the City have specific characteristics or planning issues requiring resolution. It is proposed that plans be prepared for these specific localities as issues and characteristics are identified.

Unlike the other Local Plans outlined in this chapter these Plans usually cover a smaller, more focused area and are only intended to address one or two specific issues of particular concern in each locality.

Local Plans for specific localities have been derived from Development Control Plans for the following Centres and their immediate surrounds:

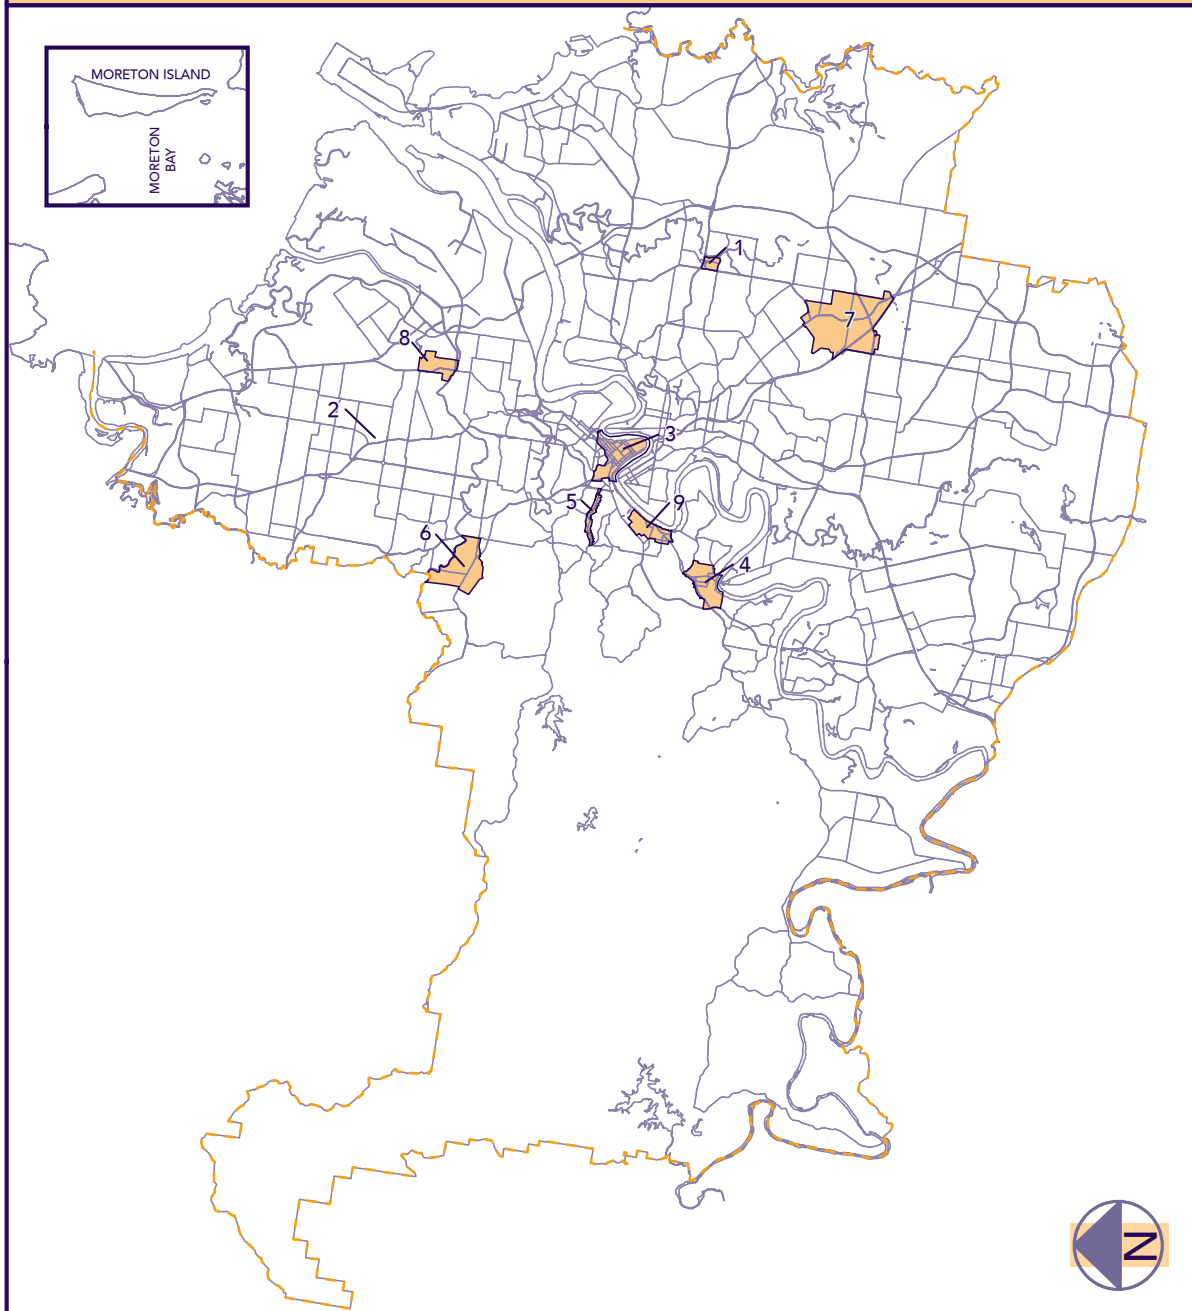

- Latrobe and Given Terraces
- Mt Gravatt Corridor.

Additional Local Plans for the following Centres have been prepared as part of wider local planning processes or as focused exercises:

- Carindale Major Centre
- Chermside Centre
- City Centre
- Indooroopilly Centre
- Mitchelton Centre
- Toombul–Nundah Major Centre
- Toowong Auchenflower

Refer to *Map E—Local Plans for Specific Localities* for an outline of the areas covered by these Local Plans.

Map E: Local Plans for Specific Localities

- 1 Carindale Major Centre
- 2 Chermide Major Centre
- 3 City Centre Neighbourhood Plan
- 4 Indooroopilly Centre
- 5 Latrobe and Given Terraces
- 6 Mitchelton Centre
- 7 Mt Gravatt Corridor
- 8 Toombul-Nundah
- 9 Toowong Auchenflower
