Gas and Oil Pipeline Code

1 Application
This Code will apply in assessing:

- reconfiguring lots (other than the amalgamation of 2 or more lots) within 100m of the Roma Gas or the Moonie Brisbane Oil Pipeline
- a material change of use within 100m of the Roma Gas or the Moonie Brisbane Oil Pipeline for any of the following:
  - centre activities
  - child care facility
  - community facilities
  - education purposes
  - health care purposes
  - indoor sport and recreation
  - industry
  - multi–unit dwelling
  - short term accommodation
  - single unit dwelling
- excavation or filling within 20m of the Roma Gas Pipeline or within 15m of the Moonie Brisbane Oil Pipeline
- building work within 20m of the Roma Gas Pipeline or within 15m of the Moonie Brisbane Oil Pipeline
- operational work within 20m of the Roma Gas Pipeline or within 15m of the Moonie Brisbane Oil Pipeline

where the development is subject to code or impact assessment.

2 Using this Code
In using this Code reference should also be made to Section 1.1—How to use the Codes, at the front of this Chapter.

This Code is only ever called up as a ‘secondary’ Code by some other Code. This Code is to be read as part of that other Code.

Note: the location of the Roma Gas and the Moonie Brisbane Oil Pipelines are indicated on the Scheme Maps and CD ROM version of the Plan.

3 Purpose
The purpose of this Code is to:

- ensure that development does not compromise the safe operation and maintenance of the Roma Gas or the Moonie Brisbane Oil Pipeline
- ensure that ‘at risk’ activities are located a safe distance from the Roma Gas or the Moonie Brisbane Oil Pipeline.

4 Performance Criterion and Acceptable Solution

<table>
